

September 23, 2026

SUBJECT: SDS Request

To Whom It May Concern:

The attached SDS with product code: 11780664\_PL36374\_22033 and trade name: GLAM NAILS B/O N/G 4 GM GLU-90700-22033 is for the nail glue that Pacer Technology manufactures for its customer, McPherson's Consumer Products PTY LTD, Level 8, 383 Kent Street, Sydney NSW 2000, Australia.

The Product's country of origin is: Mexico.

SDS last revised: September 21, 2026

The SDS was prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations.

If you have any questions, please feel free to reach out to your sales manager or customer service.

Best regards,  
Regulatory Affairs  
Pacer Technology

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations  
Issue date: 9/26/2025 Revision date: 9/21/2026 Supersedes: 9/26/2025 Version: 1.1

### SECTION 1: Identification

#### 1.1. Identification

Product form : Mixture  
Trade name : GLAM NAILS B/O N/G 4 GM GLU-90700-22033  
Product code : 11780664\_PL36374\_22033

#### 1.2. Recommended use and restrictions on use

No additional information available

#### 1.3. Supplier

##### Manufacturer

Pacer Technology  
3281 E. Guasti Road, Ste 260, Ontario, CA 91761 USA  
California  
USA  
T (909) 987-0550  
[Regulatory@supergluecorporation.com](mailto:Regulatory@supergluecorporation.com)

#### 1.4. Emergency telephone number

Emergency number : 800-424-9300  
Emergency 24 hours: (800) 424-9300 (CHEMTREC)

### SECTION 2: Hazard(s) identification

#### 2.1. Classification of the substance or mixture

##### GHS US classification

|                                                                                               |      |                                   |
|-----------------------------------------------------------------------------------------------|------|-----------------------------------|
| Flammable liquid, Category 4                                                                  | H227 | Combustible liquid.               |
| Skin corrosion/irritation, Category 2                                                         | H315 | Causes skin irritation.           |
| Serious eye damage/eye irritation, Category 2                                                 | H319 | Causes serious eye irritation.    |
| Specific target organ toxicity – Single exposure, Category 3,<br>Respiratory tract irritation | H335 | May cause respiratory irritation. |

Full text of H-statements: see section 16

#### 2.2. GHS Label elements, including precautionary statements

##### GHS US labelling

Hazard pictograms (GHS US) :

Signal word (GHS US) :

Warning

Hazard statements (GHS US) :

H227 - Combustible liquid  
H315 - Causes skin irritation  
H319 - Causes serious eye irritation  
H335 - May cause respiratory irritation

Precautionary statements (GHS US) :

P101 - If medical advice is needed, have product container or label at hand.  
P102 - Keep out of reach of children.  
P103 - Read label before use.  
P271 - Use only outdoors or in a well-ventilated area.  
P280 - Wear eye protection, protective clothing, protective gloves.

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

P302+P352 - If on skin: Wash with plenty of water.  
P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P405 - Store locked up.  
P501 - Dispose of contents and/or container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulations.

### 2.3. Other hazards which do not result in classification

No additional information available

### 2.4. Unknown acute toxicity (GHS US)

No additional information available

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name                   | Common Name (Synonyms) | Product identifier | Conc.      |
|------------------------|------------------------|--------------------|------------|
| Ethyl 2-cyanoacrylate  |                        | CAS-No.: 7085-85-0 | 85.5 – 100 |
| Vitamin E Acetate, USP |                        | -                  | < 0.1      |
| Calcium pantothenate   |                        | -                  | < 0.1      |

Full text of hazard classes and H-statements : see section 16

## SECTION 4: First-aid measures

### 4.1. Description of first aid measures

First-aid measures general : Call a poison center or a doctor if you feel unwell.  
First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.  
First-aid measures after skin contact : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention.  
First-aid measures after eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.  
First-aid measures after ingestion : Call a poison center or a doctor if you feel unwell.

### 4.2. Most important symptoms and effects (acute and delayed)

Symptoms/effects after inhalation : May cause respiratory irritation.  
Symptoms/effects after skin contact : Irritation.  
Symptoms/effects after eye contact : Eye irritation.  
Symptoms/effects after ingestion : None under normal conditions.

### 4.3. Immediate medical attention and special treatment, if necessary

Treat symptomatically.

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 5: Fire-fighting measures

#### 5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide.  
Unsuitable extinguishing media : Do not use a heavy water stream.

#### 5.2. Specific hazards arising from the chemical

Fire hazard : Combustible liquid.  
Explosion hazard : No direct explosion hazard.  
Hazardous decomposition products in case of fire : Toxic fumes may be released.

#### 5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions : Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection.  
Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Stop leak if safe to do so. Notify authorities if product enters sewers or public waters. Absorb spillage to prevent material damage.

##### 6.1.1. For non-emergency personnel

Protective equipment : Wear recommended personal protective equipment.  
Emergency procedures : Ventilate spillage area. No open flames, no sparks, and no smoking. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with skin and eyes.

##### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".  
Emergency procedures : Evacuate unnecessary personnel. Stop leak if safe to do so.

#### 6.2. Environmental precautions

Avoid release to the environment.

#### 6.3. Methods and material for containment and cleaning up

For containment : Absorb spilled material with sand or earth. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Stop leak without risks if possible.  
Methods for cleaning up : Take up liquid spill into absorbent material. Notify authorities if product enters sewers or public waters.  
Other information : Dispose of materials or solid residues at an authorized site.

#### 6.4. Reference to other sections

For further information refer to section 13.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Additional hazards when processed : Not expected to present a significant hazard under anticipated conditions of normal use.

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

|                               |                                                                                                                                                                                                                                                                          |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling | : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear personal protective equipment. Use only outdoors or in a well-ventilated area. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with skin and eyes. |
| Hygiene measures              | : Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.                                                                                                                             |

### 7.2. Conditions for safe storage, including any incompatibilities

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| Technical measures  | : Keep in a cool, well-ventilated place away from heat.                                        |
| Storage conditions  | : Store in a well-ventilated place. Keep cool. Store locked up. Keep container tightly closed. |
| Packaging materials | : Always store product in container of same material as original container.                    |

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### Monitoring methods

|                    |                                                                                                                                                                                                |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Monitoring methods | Workplace exposure - General requirements for the performance of procedures for the measurement of chemical agents. Gas detectors should be used when flammable gases/vapours may be released. |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 8.2. Appropriate engineering controls

|                                  |                                                                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | : Ensure good ventilation of the work station. Use spark-/explosionproof appliances and lighting system. Use grounded electrical/mechanical equipment. |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|

### 8.3. Individual protection measures/Personal protective equipment

#### Personal protective equipment:

Personal protective equipment (PPE) must be suited to the nature of the work and any hazard associated with the work as identified by the risk assessment conducted.

Avoid all unnecessary exposure. Wear recommended personal protective equipment. Ocular shower with suitable liquid.

|                                                                                    |
|------------------------------------------------------------------------------------|
| <b>Hand protection:</b>                                                            |
| Wear protective gloves: Antistatic gloves                                          |
| <b>Eye protection:</b>                                                             |
| Wear eye protection: Chemical goggles or safety glasses                            |
| <b>Skin and body protection:</b>                                                   |
| Wear protective clothing: Antistatic clothing, Flame retardant protective clothing |
| <b>Respiratory protection:</b>                                                     |
| Wear appropriate mask                                                              |

#### Personal protective equipment symbol(s):

#### Other information:

PPE compliant with the recommended standards should be selected.

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|                                                 |                                   |
|-------------------------------------------------|-----------------------------------|
| Physical state                                  | : Liquid                          |
| Appearance                                      | : Transparent. Colourless liquid. |
| Colour                                          | : Colourless                      |
| Odour                                           | : characteristic                  |
| Odour threshold                                 | : 1 ppm                           |
| pH                                              | : No data available               |
| Melting point                                   | : Not applicable                  |
| Freezing point                                  | : -22 °C                          |
| Boiling point                                   | : > 149 °C                        |
| Flash point                                     | : 86 – 93.4 °C                    |
| Relative evaporation rate (butylacetate=1)      | : No data available               |
| Flammability (solid, gas)                       | : Not applicable.                 |
| Vapour pressure                                 | : < 0.2 mm Hg                     |
| Relative vapour density at 20°C                 | : No data available               |
| Relative density                                | : No data available               |
| Density                                         | : 1.07 g/ml 25 °C                 |
| Solubility                                      | : No data available               |
| Partition coefficient n-octanol/water (Log Pow) | : No data available               |
| Auto-ignition temperature                       | : 485 °C                          |
| Decomposition temperature                       | : No data available               |
| Viscosity, kinematic                            | : 186.916 – 327.103 mm²/s         |
| Viscosity, dynamic                              | : 200 – 350 cP 22 °C              |
| Explosive limits                                | : No data available               |
| Explosive properties                            | : No data available               |
| Oxidising properties                            | : No data available               |

#### 9.2. Other information

No additional information available

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

Avoid contact with hot surfaces. Heat. No flames, no sparks. Eliminate all sources of ignition.

#### 10.5. Incompatible materials

No additional information available

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

Acute toxicity (oral) : Not classified  
Acute toxicity (dermal) : Not classified  
Acute toxicity (inhalation) : Not classified

#### Ethyl 2-cyanoacrylate (7085-85-0)

|                       |             |
|-----------------------|-------------|
| LC50 Inhalation - Rat | < 21.1 mg/l |
|-----------------------|-------------|

Skin corrosion/irritation : Causes skin irritation.

#### Calcium pantothenate

|    |           |
|----|-----------|
| pH | 6.8 – 7.2 |
|----|-----------|

Serious eye damage/irritation : Causes serious eye irritation.

#### Calcium pantothenate

|    |           |
|----|-----------|
| pH | 6.8 – 7.2 |
|----|-----------|

Respiratory or skin sensitisation : Not classified  
Germ cell mutagenicity : Not classified  
Carcinogenicity : Not classified  
Reproductive toxicity : Not classified  
STOT-single exposure : May cause respiratory irritation.

#### Ethyl 2-cyanoacrylate (7085-85-0)

|                      |                                   |
|----------------------|-----------------------------------|
| STOT-single exposure | May cause respiratory irritation. |
|----------------------|-----------------------------------|

STOT-repeated exposure : Not classified  
Aspiration hazard : Not classified  
Viscosity, kinematic : 186.916 – 327.103 mm<sup>2</sup>/s  
Symptoms/effects after inhalation : May cause respiratory irritation.  
Symptoms/effects after skin contact : Irritation.  
Symptoms/effects after eye contact : Eye irritation.  
Symptoms/effects after ingestion : None under normal conditions.

### SECTION 12: Ecological information

#### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

#### 12.2. Persistence and degradability

##### GLAM NAILS B/O N/G 4 GM GLU-90700-22033

|                               |                    |
|-------------------------------|--------------------|
| Persistence and degradability | Rapidly degradable |
|-------------------------------|--------------------|

##### Ethyl 2-cyanoacrylate (7085-85-0)

|                               |                    |
|-------------------------------|--------------------|
| Persistence and degradability | Rapidly degradable |
|-------------------------------|--------------------|

#### 12.3. Bioaccumulative potential

No additional information available

#### 12.4. Mobility in soil

No additional information available

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Disposal methods

|                                            |                                                                                               |
|--------------------------------------------|-----------------------------------------------------------------------------------------------|
| Regional waste regulation                  | : Disposal must be done according to official regulations.                                    |
| Waste treatment methods                    | : Dispose of contents/container in accordance with licensed collector's sorting instructions. |
| Sewage disposal recommendations            | : Disposal must be done according to official regulations.                                    |
| Product/Packaging disposal recommendations | : Disposal must be done according to official regulations.                                    |
| Additional information                     | : Do not re-use empty containers.                                                             |

## SECTION 14: Transport information

In accordance with DOT / IMDG / IATA

### 14.1. UN number

Not regulated for transport

### 14.2. UN proper shipping name

|                             |                                                                                                                                           |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Proper Shipping Name (DOT)  | : Not regulated                                                                                                                           |
| Proper Shipping Name (IMDG) | : Not regulated                                                                                                                           |
| Proper Shipping Name (IATA) | : Not restricted - Primary packs containing less than 500ml are unregulated by this mode of transport and may be shipped as unrestricted. |

### 14.3. Transport hazard class(es)

|                                  |                 |
|----------------------------------|-----------------|
| <b>DOT</b>                       |                 |
| Transport hazard class(es) (DOT) | : Not regulated |

|                                   |                 |
|-----------------------------------|-----------------|
| <b>IMDG</b>                       |                 |
| Transport hazard class(es) (IMDG) | : Not regulated |

|                                   |                                                                                                                                           |
|-----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| <b>IATA</b>                       |                                                                                                                                           |
| Transport hazard class(es) (IATA) | : Not restricted - Primary packs containing less than 500ml are unregulated by this mode of transport and may be shipped as unrestricted. |

### 14.4. Packing group

|                      |                                                                                                                                           |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Packing group (DOT)  | : Not regulated                                                                                                                           |
| Packing group (IMDG) | : Not regulated                                                                                                                           |
| Packing group (IATA) | : Not restricted - Primary packs containing less than 500ml are unregulated by this mode of transport and may be shipped as unrestricted. |

### 14.5. Environmental hazards

|                   |                                           |
|-------------------|-------------------------------------------|
| Other information | : No supplementary information available. |
|-------------------|-------------------------------------------|

### 14.6. Special precautions for user

|               |  |
|---------------|--|
| <b>DOT</b>    |  |

|               |  |
|---------------|--|
| <b>IMDG</b>   |  |
| Not regulated |  |

# GLAM NAILS B/O N/G 4 GM GLU-90700-22033

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### IATA

Not restricted - Primary packs containing less than 500ml are unregulated by this mode of transport and may be shipped as unrestricted.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory, except for:

|                        |         |        |
|------------------------|---------|--------|
| Calcium pantothenate   | CAS-No. | < 0.1% |
| Vitamin E Acetate, USP | CAS-No. | < 0.1% |

### 15.2. International regulations

#### CANADA

##### Ethyl 2-cyanoacrylate (7085-85-0)

Listed on the Canadian DSL (Domestic Substances List)

#### EU-Regulations

No additional information available

#### National regulations

##### Ethyl 2-cyanoacrylate (7085-85-0)

Listed on INSQ (Mexican National Inventory of Chemical Substances)

### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm

## SECTION 16: Other information

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date : 9/21/2026
